Secured 3rd rank in IT Competition (Code Debugging) in GGN, Ludhiana

TECH-DISHA-2023 WINNER:
Secured 1st rank in IT Competition (Code Gulf) in Arya College,Ludhiana

EXPERIENCE

Penthara Technologies

React.JS Developer Intern
(Sept. 2023 - Present)

- Proficient in developing solutions utilizing SharePoint Framework (SPFx), showcasing ability to create customizable web parts and extensions.
- Demonstrated skill in leveraging the Power Platform, including Power Apps, Power Automate, and Power BI, to design and implement efficient business processes and data visualizations.

PROJECTS

MappOptimist (Freelancing):

- Created a contemporary, completely responsive static website with React that features smooth scroll motion.
- Integrated Nodemailer for smooth communication via email on the website.
- Collaborated closely with the client to deliver a visually appealing and user-friendly design
- Implemented dynamic content rendering based on carousel selections, enhancing user experience.

Shopping Cart:

- Front-end design for a shopping cart utilizing React/Redux.
- Several items on the front page with simple cart management.
- Easy-to-use cart interface that clearly displays the selected products and total amount.
- Implemented with Tailwind CSS, fully responsive design.

Dev Detective:

- Created a web application that allows users to search for Github accounts using usernames obtained via an API.
- Made a user-friendly and straightforward interface using HTML, CSS, and JavaScript.
- Implemented a dark mode and light mode feature for improved accessibility and user experience.

CERTIFICATIONS:

- PL-900: Microsoft Powe Platform Fundamentals

ACHIEVEMENTS

5 ★ (Gold Level) HackerRank Problem Solving
1450+ Rating on CodeChef
600+ Rating on CodeForces
1350+ Rating on LeetCode
